East Moore Water District Phase 3 to Begin Construction

Carthage, NC. Moore County recently received funding for installation of an additional 45 miles of water line in Eastern Moore County. This is a 5 million dollar project and is slated to begin construction this spring. The area served by these new water lines includes areas surrounding Carthage and potentially about 500 homes and businesses can be served. Roads in which lines are proposed are; Furr Road, Underwood Road, Torchwood Road, Joel Road, Vick Road, Niagara-Carthage Road, Shady Lane Road, Jody Road, Brinkley Road, Short Road, Murdocksville Road, Summer Hill Church Road, Dowd Road, Doubs Chapel Road, Star Ridge Road, Elizabeth Road. This valuable resource is being made available at an extremely low price. An early connection fee of only \$250.00 will be charged to new customers on these new lines.

The funding for this project is from United States Department of Agriculture Rural Utility Service and comes in the form of a low interest 40 year loan. It is only thru this program that a cost-effective system such as this can be installed.

Notification of potential customers of the pending availability of service has begun. If you think you may be in the area served please call Shane Cummings @ 910 947 6315. He will be able to answer any questions you may have.
